### VARIED VAUDEVILLE

#### BILL AT PANTAGES.

Five acts of varied vaudeville go to make up the program at the Pantages theatre this week. The five London singing bill lineups are the vaudeville's greatest musical acts, in the opinion of the direction. The current week in addition to playing both popular and classical selections on a large set of bills, these five men also form a singing sextet, which Lloyd Barrett, contra tenor, is the nucleus.

As the second feature of the week, Harry Brooks offers "The Betty's," a racy-pacy musical comedy, which, with Percy Chapman, Johnny Morris and a clever company of artists in the novel musical plot, all the girls have "betty" for their first name; they all attend the races at Saratoga Springs, and their experiences at the track are most amusing, especially when there are two contestants on the scene. Singing selections are the last work in classic intelligence. These wonderful songs are to possess real thinking minds to understand the values of their training, and to give them an entertaining novelty act called "A Millionaire's Dream" and Miss Olive Brien, the unusual comedienne, will add to the class with her selected song numbers.

### TWO LADY EMPIRE.

Griffith at a cost of \$100,000, returns to this city for a limited engagement of three weeks. ## MAYOR HENRY HAS MADE SETTLEMENT OVER STOCKYARDS

City is Gainer by \$2,000—Statement is Made by the City Engineer

Mayor Henry has effected a settlement with the Edmonton Stockyards, Ltd., over their claims against the city with regard to the money loaned to the city for the extension of the utilities to the stockyards, and the city is a gainer of something like \$2,000 by the deal.

By agreement with the Stockyards company they loaned the city the sum of \$17,742.21 to carry out the utilities to the yards, and the money was to be repaid when the yards were actually in operation and a certain sum had been repaid to the company in improvements. Under the agreement the city was to receive the amount of \$2,000 by a debenture issue to the company covering the amount of not less than \$2,000.

Recently the company asked for repayment of the loan, stating that they had spent something like \$25,000 in improvements and that the yards were now in operation. It is not being considered good policy at the present time for a debenture issue to be placed on the open market. Mayor Henry as financial administrator, offered to the company that the city would issue the debentures to them at \$4 as called for under the agreement and have them back on the basis of the last made and that the city was at \$9. The directors of the company agreed to this and their little band of pioneers who helped to bring the north country of the city into the world.

Another, Harry, is serving with the 14th Battalion.
